

MONTHLY HIGHLIGHTS REPORT

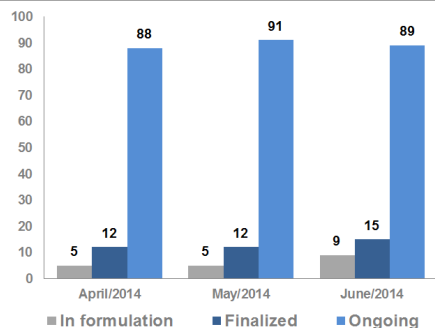

This report provides monthly institutional (Victims Unit, Ministry of Health, National Historical Memory Center and Mayor/Governor's Offices) and Victims Law achievements.

Corresponding VISP activities that have contributed to these achievements are included below each achievement.

VISP STRATEGIC OBJECTIVE

Select GOC Institutions, Policies and Systems at the National and sub national levels operationalized for effective implementation of the Victims Law.

VISP projects by status and month

Monthly cumulative project budget allocation in USD

R1. Improved GOC Strategic Management for Victims Law

Ciénaga and Dibulla now have renovated and equipped Victims attention points

- Supported the Victims Unit and local authorities to renovate and equip Victims Attention Points in Ciénaga and Dibulla, where victims can access services from multiple government institutions
- Renovations included infrastructure improvements and equipment provision, to increase the quality and efficiency of victims' attention processes, as well as a park for children and a game room in order to guarantee a place where families can wait and receive attention in optimal conditions
- The attention point in Ciénaga will benefit approximately 26,254 victims registered in Ciénaga and neighboring municipalities; in Dibulla, approximately 11,231 registered victims will be benefited

Knowledge Fair held with Victims Unit to benefit victims of the internal armed conflict

- Supported and held a Knowledge Fair on June 27 with the Victims Unit and 13 operating agencies that work with assistance, care and compensation for victims
- The Fair provided a space to exchange knowledge and lessons learned between international programs (including those funded by the USG), development organizations, and the Victims Unit
- 165 individuals participated in the Fair, which featured presentations and 201 negotiation meetings, in which 118 initial cooperation agreements were reached

R2. Improved GOC Rehabilitation Services that Strengthen Victims Capacity to improve their wellbeing

Workshops to develop crisis response models

- Held workshops in Medellín, Apartadó and Popayán to validate psychosocial crisis response models for communities and individuals
- Models contribute to the provision of psychosocial response services to victims who require immediate psychological stabilization to avoid further harm
- Workshops supported institutional relationships, victims' empowerment and coordination between the Victims Unit's civil servants involved in these efforts
- Also led a focal group supported by *Corporación Sisma Mujer* with the Ministry of Health, the Victims Unit and the National Protection Unit to design guidelines for psychosocial attention to women at risk or under protection measures in Cartagena, Quibdó and Bogotá

Supervision strategy workshops

- Worked with PAPSIVI teams in Cauca, Nariño and Chocó to prevent emotional burnout and continue the supervision strategy to identify training needs and reflect on advances in psychosocial accompaniment
- The continued training project aims to organize a focus group with members of the Victims Unit who provide attention to victims, to collect opinions on mechanisms and strategies for self-care, emotional and relational care and staff care

Self-help workshop held in Pasto

- Provided technical support to the Victims Unit's team to return human remains to develop self-help and group help tools for civil servants who work with this process
- The project develops strategies related to training and supervision to support psychosocial accompaniment for relatives of victims of forced displacement in the process of returning human remains, as well protocols to accompany victims

R3. Transitional Justice Processes Advanced

First Historical Memory Initiatives Digital Literacy

- The first encounter of victims' organizations participating in the digital literacy project to share experiences on constructing and diffusing webpages dedicated to historical memory was held with 21 participants from 12 organizations
- The Digital Memory Initiative supports victims' organizations in website design and content administration to share local memory initiative content based on their own cultural expressions and languages
- For the first time, participants met face-to-face and received training on historical memory, story-telling, writing for the web, social media and photography
- A microsite (under construction) that will display organizations' content, forums and e-learning space for interaction was presented; a Facebook group for members to exchange content and questions was also created

First Regional Historical Memory Groups Encounter

- On June 5 to 6, historical memory groups and researchers met in Bogotá to share experiences on investigating historical memory in the regions
- Researchers from seven regional universities and centers (Nariño, Magdalena, Córdoba, Bolívar, Antioquia, Santander and Cesar) presented reports, screened documentaries and provided feedback
- Next steps include producing a documentary focusing on land mine victims in Samaniego (Nariño) and strengthening the Historical Memory Groups Network.

School of Reparations workshop

- Provided training to the reparation liaisons from the Victims Unit Central Offices in Bogotá as part of the efforts with the Victims Unit's Regional Offices in Nariño, Chocó, Antioquia, Magdalena, Bolívar and La Guajira
- Aimed to improve civil servants' ability to interact with victims and their knowledge on routes and processes to implement the Victims Law

R4. Select GOC Institutions and Systems Accommodate the Specific Needs of Ethnic Groups and Women

Meeting to review the collective reparation process with female victims of "Narrar para Vivir"

- Assessed the collective reparation process with female victims of "Narrar para Vivir" (Montes de María—Bolívar and Sucre) to identify difficulties and design the process to implement measures in the plan
- Over 800 women are part of the process, which is currently in the implementation and assessment phases

Training workshops with Afro Descendent populations

- Provided trainings in Sincelejo and Tumaco on citizen participation mechanisms, project creation and management, the general adjusted methodology and the general royalties system
- The training was directed towards Afro descendent populations, the Municipal Ombudsperson's Office and Municipal Planning Secretaries

"Al Día con Regalias" in Cartagena

- The National Planning Department (DNP) designed a session with representatives from Mayor's Offices, Governor's Offices and ministries to raise awareness of royalties and diversity mainstreaming components

Quote

"Victims deserve beautiful and dignified spaces like this one. In this Victims Attention Point we will provide attention services to victims from Ciénaga, Zona Bananera, Fundación and Pueblo Viejo, with an average of 300 victims receiving attention daily", stated Victims Unit Paula Gaviria on Twitter during the inauguration of Ciénaga's Victims Attention Point. **Photo:** Thea Villate from USAID Colombia, Ciénaga Mayor Luis Tete Samper, Victims Unit Director Paula Gaviria and IOM Regional Officer Mario Ariza
